Definitions continued

Undergraduate programs are all programs at the associate or bachelor's degree level or the post baccalaureate certification level.

Continuing Education students are those taking courses but not formally enrolled as degree- or certificate-seeking students.

Non-Credit students are enrolled in special continuing education courses which do not earn college credits.

Full-Time equals a minimum credit load of 12 for an undergraduate or a minimum of 9 for graduate students.

Part-Time equals less than the minimum full-time credit loads for undergraduates or graduates.

Headcount is the number of students enrolled, regardless of their credit load.

FTE is full-time equivalent students. Each full-time student is counted as one, regardless of how of how many credits he or she is taking. The credits taken by all part-time students are totaled and divided by the minimum full-time credit load.

FFTE is financial full-time equivelant students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

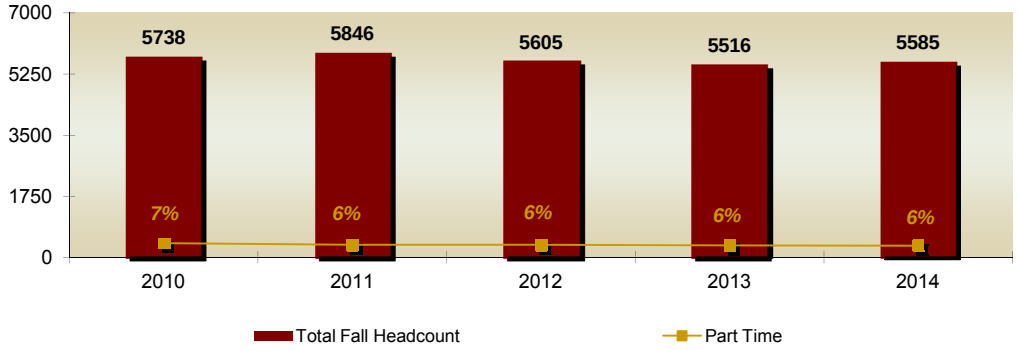

Residency is determined by the home state of the student. Residents reside within New Hampshire and non-residents reside outside of New Hampshire.

Class Levels are based on the number of credits a student has completed - freshmen/first-year students have completed 0-29 credits, sophomores have 30-59, juniors have 60-89, and seniors have 90 or more credits.

International Student is a foreign citizen student regardless of visa status.

Headcount is an unduplicated count of all enrolled students.

FTE - Full-time equivalent. Full-time students are each counted as one FTE. Part-time student FTE is calculated by totalling all credits taken by part-time students and dividing by the minimum full-time credit load.

FFTE - Financial full-time equivelant. This is calculated by totalling annual tuition and fee revenues and dividing that by the annual tuition rate based on each KSC tuition rate category.

**FFTE projected for FY15*

Retention and Graduation

Retention Rates by Cohort	Trend of retention rates for first-time, first-year students.
Retention Rates for Demographic Groups	Trend of retention rates for first-generation students. Trend of retention rates for students of color. Trend of retention rates for low-income students. Trend of retention rates by gender of students. Trend of retention rates by residency of students.
Graduation Rates by Cohort	Trend of four-, five- and six-year graduation rates for first-time, first-year students..
Graduation Rates for Demographic Groups	Trend of retention rates for first-generation students. Trend of retention rates for students of color. Trend of retention rates for low-income students. Trend of retention rates by gender of students. Trend of retention rates by residency of students.
Degrees Awarded	Trend of total degrees awarded during each fiscal year. Degrees awarded at spring, summer and winter commencements are counted.
Graduated Students by Gender	Trend of unduplicated headcounts of all students who were awarded a degree during each fiscal year by gender.
Graduated Students by Race/Ethnicity	Trend of unduplicated headcounts of all students who were awarded a degree during each fiscal year by race/ethnicity.
Majors At Graduation	Trend of the majors of those who graduated in each fiscal year. Because this number includes second majors, it exceeds the number of degrees conferred.
Minors At Graduation	Trend of the minors of those who graduated in each fiscal year.
Definitions	**Post Baccalaureates** are students with a bachelor's degree returning for teaching certification - counted as undergraduates. **First-Generation Students** - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree. **Low-Income Students** – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

2012	1185	76.4	67.5			
2013	1254	76.5				

Note: Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.

The data reported here differ slightly from retention rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2006-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

**Retention rates for Cohort 2007 & 2008 have been modified from some previous Factbooks to exclude Military LOA students not previously accounted for.*
