Definitions continued

Undergraduate programs are all programs at the associate or bachelor's degree level or the post baccalaureate certification level.

Continuing Education students are those taking courses but not formally enrolled as degree- or certificate-seeking students.

Full-Time equals a minimum credit load of 12 for an undergraduate or a minimum of 9 for graduate students.

Part-Time equals less than the minimum full-time credit loads for undergraduates or graduates.

Headcount is the number of students enrolled, regardless of their credit load.

FTE is full-time equivalent students. Each full-time student is counted as one, regardless of how many credits he or she is taking. The credits taken by all part-time students are totaled and divided by the minimum full-time credit load.

FFTE is financial full-time equivelant students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

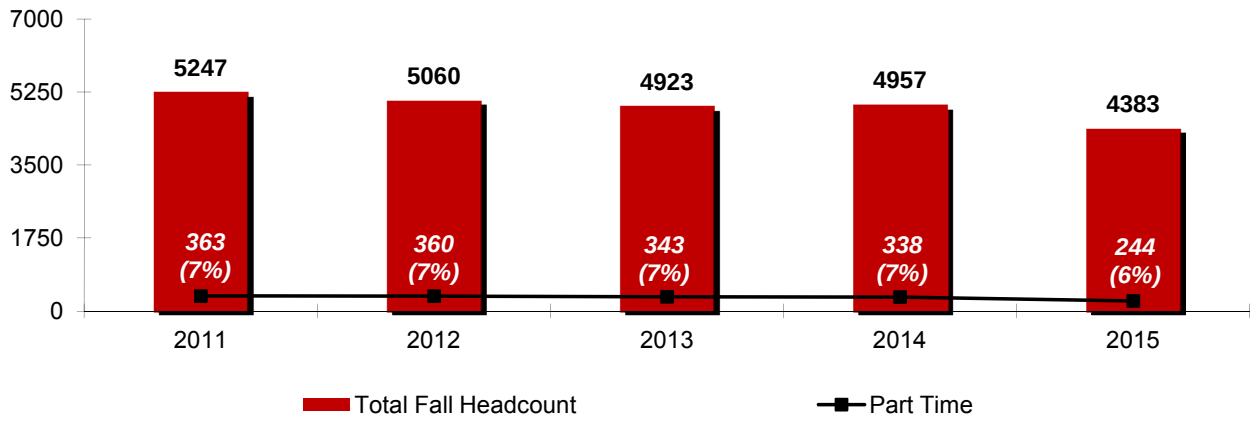

Residency is determined by the legal home state of the student. Residents reside within New Hampshire and non-residents reside outside of New Hampshire.

Class Levels are based on the number of credits a student has completed - freshmen/first-year students have completed 0-29 credits, sophomores have 30-59, juniors have 60-89, and seniors have 90 or more credits.

International Student is a foreign citizen student regardless of visa status.

FFTE - Financial full-time equivelant. This is calculated by totalling annual tuition and fee revenues and dividing that by the annual tuition rate based on each KSC tuition rate category.

Total of declared and undeclared majors will exceed the number of undergraduate matriculated students enrolled due to the inclusion of both first and second majors in these totals.

Starting in 2014 a higher percentage of first-time, first-year students had a declared major by Fall R+30 than in previous years.

Declared Minors

All Minors data are collected at Fall R+30 (see Enrollment page).

Retention and Graduation

Definitions

Post Baccalaureates are students with a bachelor's degree returning for teaching certification - counted as undergraduates.

First-Generation Students - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

Pell Grant Recipients – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

Retention Rates by Cohort

All First-time, Full-time, First-Year Degree-Seeking Students by Cohort

Entering Year	Headcount	First to Second Year % Retention	First to Third Year % Cumulative Retention	First to Fourth Year % Cumulative Retention	First to Fifth Year % Cumulative Retention	First to Sixth Year % Cumulative Retention

2013	1254	76.5	66.2			
2014	1266	73.4				

Note: Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.

The data reported here differ slightly from retention rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2006-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.

Consistent with IPEDS rules, beginning with Fall 2014, students who are on a Study Away semester are not included in the analysis of retained students. They are still counted as part of the entering year and will be counted if they return to the Keene campus as matriculated undergraduate students for future retention analysis.

**Retention rates for Cohort 2007 & 2008 have been modified from some previous Factbooks to exclude Military LOA students not previously accounted for.*

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret retention rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

Consistent with IPEDS rules, beginning with Fall 2014, students who are on a Study Away semester are not included in the analysis of retained students. They are still counted as part of the entering year and will be counted if they return to the Keene campus as matriculated undergraduate students for future retention analysis.
